Silverspoon Avenue SHORTHORN BREEDERS SALE

Granville
Illinois

General Information

Location – This sale will be held on Thursday, November 11, 1954, at Hopkins Stock Farm, Granville, Putnam County, Illinois. The farm is located on Route 89, one half mile north of the intersection of Routes 71 and 89.

Time – The Silverspoon Avenue Shorthorn Breeders' Sale of registered breeding cattle will start promptly at 12:30 P.M., Central Standard Time. The sale of junior club steers, to be held under the auspices of the North Central Illinois Shorthorn Breeders' Association at this same farm, will start at 10:00 A.M. Lunch will be served at the farm.

Transportation – Those traveling by train should come via Rock Island Railway to Bureau or LaSalle, Illinois, both located on the main line from Chicago to Des Moines, Omaha and Denver. Trains will be met at either point if advance notice is given. Those who are attending the Mathers and Metz sales on October 8th and 9th will be provided with auto transportation to Hopkins Stock Farm. Please contact Sale Manager Hal Longley if you are not driving your own car.

Hotels – We recommend the Hotel Francis and the Kaskaskia Hotel in LaSalle, the Starved Rock Lodge in Starved Rock State Park or the Tou-Rest Motel in Peru. All are within easy driving distance of Hopkins Stock Farm.

Shipping – The Sandberg Trucking Co. of Granville, Illinois, will haul anywhere in the United States. They are experienced, reliable and courteous. We will be glad to cooperate in assembling cattle purchased in our sale with those purchased in the Mathers Sale on October 8th and the Metz Invitational Sale on October 9th.

Please Note – We will be glad to hold purchases until the week of the International Live Stock Exposition and deliver to Chicago.

Phone Calls – The telephone number at Hopkins Stock Farm is Granville 3346.

Herd Manager at Hopkins Stock Farm – Gordon Maddy.

ABOUT SILVERSPOON AVENUE

Many ask – Where did that name come from? No one seems to have a sure answer. An early post road, along which the elite of the community lived and guided its destiny since the 1830's, it has been widely known as Silverspoon Avenue for well over a century.

William Hopkins and his family settled here in 1835 and the present Edgerley, Whitaker and Hopkins families are his descendants. Many a farming plan and practice have been tried along the Avenue since that date, and – in spite of them all – the adjacent acres have produced well, year after year!

It was Sid and John – then operating as the Whitaker Brothers – who first brought registered Shorthorns to the Avenue. They encouraged Phil Edgerley to use Shorthorns in his 4-H projects, to have a heifer project, and this became the start of Phil's present fine herd. They persuaded their across-the-road neighbor to soon shift from grades to purebred Shorthorns after he began to operate the old Hopkins place "on his own" following a few years of banking experience.

For quite some years now Shorthorns have found comfortable quarters with these Silverspoon Avenue Breeders – good places to come to and places they were not ashamed to say they had come from. The breeders here have always liked good cattle, have felt there is no beef breed superior to Shorthorns, have striven toward the most modern and popular types in their herds, and have handled them always as side-lines to their diversified farming and feeding operations.

They have not shown their cattle extensively, but a few years back when the Whitaker Brothers brought out a show string – and in the last four or five years when the Hopkins herd appeared on the tanbark – the Silverspoon Avenue cattle edged very acceptably near the tops, surprising even a few veterans of the ring. Proving, only, that cattle here have "kept pace," that here are to be found a proven, right kind, that the Avenue (or Alley, as Les Mathers enjoys calling it) may well be the smart place to come when looking for good ones that are bargains.

SHORTHORN BREEDERS SALE

Granville
Illinois

TERMS AND CONDITIONS

TERMS — The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off but the management will assist in loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE — The cattle will be sold under the standard guarantee of the American Shorthorn Breeders' Ass'n., which is printed on one of the back pages of this catalog.

HEALTH — All heifers in this sale have been calfhood vaccinated for Bangs Disease. Each animal will be tested for Bangs and Tuberculosis within 30 days of the date of the sale. A 60-day Tuberculin retest will be allowed. Health certificates furnished on sale day will be evidence of a clean health record and will enable the cattle to be transported properly.

BREEDING DATES — A good many breeding dates are printed in this catalog and we believe them to be correct as of the time of printing. However, breeding dates do change and we want it expressly understood that announcements from the auction block on sale day will take precedence over printed matter in this catalog. All bred heifers will have been examined by Dr. M. A. Parlin and his findings will be announced. A liberal number of the younger heifers are selling open.

LIABILITY — The above guarantee, terms and conditions, shall constitute a contract between the consignor and buyer of each lot. The sale manager was retained for the specific tasks of gathering the sale offering, handling the publicity, preparing the catalog and dispersing the receipts. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

The manager of this sale and the consignors will not be responsible for any accidents that may occur to those who attend this sale but will make every effort to provide for the safety and comfort of guests.

Where footnotes appear in this catalog they were furnished by the owners.

INQUIRIES ABOUT CATTLE LISTED — The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Ill.

MAIL ORDERS — Those unable to be present and who wish to do so may send buying orders to any of the following reliable men, all of whom will be in attendance: Hal Longley, The Shorthorn World, Aurora, Ill.; Don Longley, The Shorthorn World, Aurora, Ill.; Allan C. Atlason, American Shorthorn Breeders' Association, Union Stockyards, Chicago 9, Ill.; Dale Baird, The Drovers Journal, Chicago, Ill.

AUCTIONEERS — J. E. Halsey and H. P. Miller.

SALE MANAGER — Hal Longley, 16 S. Locust St., Aurora, Illinois.

A familiar scene at Hopkins Stock Farm

YOU ARE CORDIALLY INVITED . . .

to come to Silverspoon Avenue on November 11, 1954. This is to be a banner day for us Shorthorn Breeders "on the Avenue" for it is the first time we have held a purebred Shorthorn sale here. We believe the cattle we are offering will please you and that they will prove profitable for those who buy them.

We hope you can get here in time to visit each of the four herds located on adjoining farms. We do not believe there is another spot in this nation where there are four breeders so closely located, so related (all cousins), and with herds so similar in type. We think you will be well rewarded for the time you allot for such an inspection.

Details of the cattle will appear elsewhere, but recent visitors — stopping here after visits to a number of fine herds — have encouraged us by saying they were much pleased and surprised with the fine lot of cattle found here, matching commendably with herds of top reputation. We suggest discounting this a little, but we do feel very sure you will agree that the Silverspoon Avenue herds are making significant strides forward in the production of better Shorthorns.

We are happy that the North Central Illinois Shorthorn Breeders are to join us with a club calf 4-H offering at 10:00 A.M. We like this way of presenting calves for 4-H and FFA projects and a fine lot of calves are going to be offered here this year.

—THE HOPKINS, WHITAKERS and EDGERLEYS

SALE OF JUNIOR CLUB STEERS . . .

**Starting at
10:00 A.M.**

*Here's some of the calves
produced at Hopkins Stock
Farm. These are by Bride-
groom 2nd.*

SALE OF JUNIOR CLUB STEERS

Starting at 10:00 A.M.

November 11th will be an important day for 4-H Club and FFA members too, so bring them along. Twenty carefully selected steer calves, ideal for 1954 junior projects, have been assembled under the direction of the North Central Illinois Shorthorn Breeders' Association and will be sold at auction starting at 10:00 A.M. The steer sale will be held right here at Hopkins Stock Farm and we feel that it will be an important part of the day's activities because the four Shorthorn breeders residing on Silverspoon Avenue are vitally interested in Junior Club work and have supplied many winning calves to club boys and girls.

So bring the young folks along. We promise calves of the type and quality they will be proud to own.

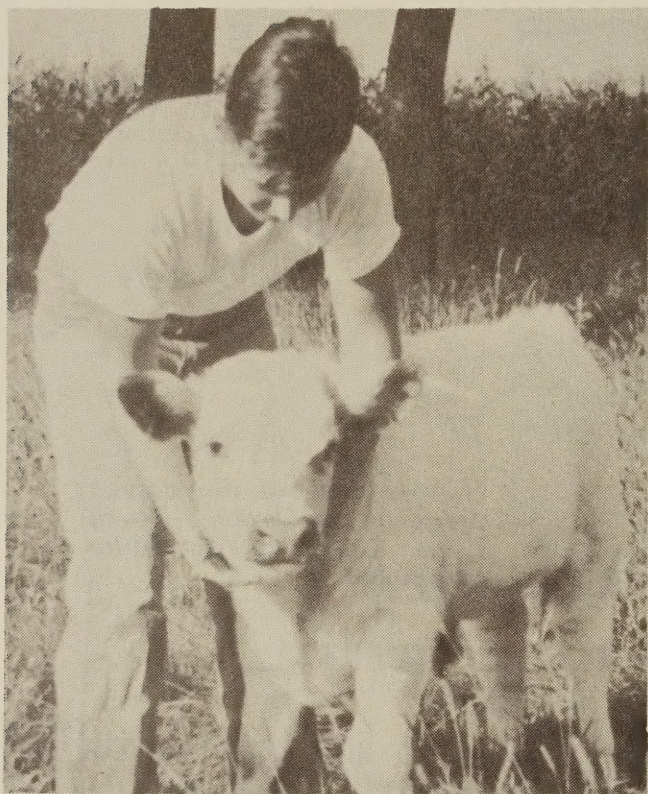

*These junior members of the
Joel Hopkins family will be
the hosts to other Junior
Club members on November
11th. From left to right:
Bobby, Tommy and Archie.
Tommy exhibited the cham-
pion heifer in the Junior
Show at the 1954 Illinois
State Fair.*

**LOOKED LIKE A
CHAMPION FROM
THE DAY HE
WAS BORN**

Left —

Yes, MV Lucky Bonspiel has looked like a champion at every stage of his life. Here he is as a wee youngster. Note the head and bone.

Right —

He had the ruggedness and thrift to shift for himself and he kept on getting better.

Left —

Note the great coat of hair. MV Lucky Bonspiel didn't just develop in a few spots. He was good all over as a calf and developed properly in front, rear, top and bottom.

MV LUCKY BONSPIEL — We believe it is important that every herd bull be out of a good cow and this belief probably prompted us to buy this bull. We saw his mother, grandmother and great grandmother and they were all deep, thick cows with grand heads, short legs and good milkers. Marellbar Umpire, a good show bull in his own right, proved himself one of the great breeding bulls of the day when he sired the junior and reserve grand champion bull as well as the reserve junior champion bull at the 1953 International. We like MV Lucky Bonspiel and he made a world of friends when he stood first in the strong summer yearling class at the 1953 International and later won the reserve junior championship. We have mated him to several of the top heifers in this sale and in our herd. We hope you will inspect him on sale day and that you will note particularly his smooth, natural flesh, short rugged legs, full heart girth and good head.

BRITOMAC EDWIN — When we selected him to head this herd we knew we wanted an easy fleshing bull of the right type to sire modern Shorthorn calves. You could pick up a handful of hide any place on his body and he was covered with thick, natural flesh. We looked at his dam, a daughter of Royal Edwin, and she was the right kind, a deep, thick, short legged, easy fleshing cow. We purchased him at the top price of the Carl McKenzie sale in 1948. He has been a good enough sire so that many of his calves, both bulls and females, have brought more than we paid for him. We were finally persuaded to sell him to A. H. Longshore of York, Alabama, along with a number of choice cows and heifers to start a new herd. However, we retained 15 of his daughters and one of his best sons, Argen Souvenir, because we like deep bodied, smooth, easy fleshing cattle and we want to continue to produce that kind. Four of his daughters and two sons sell in this sale.

ARGEN SOUVENIR — We are very proud to be the breeders of this bull. He is a son of Britomac Edwin and has all the character of his sire with some extra features added. He is out of a daughter of Burnton Victory and she in turn was out of a good imported cow by Cruggleton Adjuster. The Rosebuds are without question the best females on our farm. We have retained all of them, although tempted by some generous offers. Argen Souvenir stood near the top of his class as a summer yearling and came out as a senior yearling to win his class at the Illinois State Fair where he was reserve senior champion in 1953. Now we have his calves to show you and we will offer heifers bred to him for the first time. Seven heifers in this sale are carrying his service. Be sure to see this bull and his family on sale day.

{ May King 2182602
Roan, T. S. Coleman
Robinwood Empress 25th 2111323
Red, Wm. A. Allison's Sons

BRIDEGROOM 2d — This bull has made many friends for himself and for us. Visitors to the farm have been unanimous in approving his type, perfect balance and easy fleshing ability. We selected him because we wanted more ruggedness, more quarter, shorter legs and we wanted to reproduce his pleasing head, still retaining the balance and good fleshing qualities we had acquired through the use of Britomac Edwin. Study his pedigree carefully. His sire, Saltoun Bridgroom, is easily one of the best bulls that has been brought across the water. The Empress family has been the most prolific producers of show cattle of any family in the Allison herd. Proof of his worth as a sire is now in the pastures and lots at Hopkins Farms. The calves are all we expected. See them sale day and plan to own a cow with one of his calves at side or a heifer bred to him.

LAKESIDE RESEARCH — He was the champion bull of the South Central Illinois Shorthorn Breeders' Sale in 1951. He has a wonderful head, with smoothness, depth and short legs. Best of all he has been able to pass these characteristics on to his calves as you will see on sale day. He was sired by the three times International first prize winner Glassingall Research and out of an imported cow that many agree is one of the best ever to come from Scotland. We used Lakeside Research liberally until Argen Souvenir became old enough for service and at about that same time we purchased Bridegroom 2d. This permitted us to sell him to Lester Gieger, Grand Ridge, Illinois, where he is still siring good ones. Eight of his daughters and three sons will sell in this sale.

LEADER'S BANDMASTER — This bull was purchased in an Abingdon Sale and is one of the best sons of Edellyn Royal Leader 28th whose calves produced in the Homer Page herd have topped so many Sales of Satisfied Buyers. There is a remarkable uniformity of good type displayed in the calves by Leader's Bandmaster as you will see when you inspect the 12 head by him consigned to this sale by Phil Edgerley.

Here's the kind you will find in the Joel Hopkins herd.

ABOUT THE HOPKINS STOCK FARM SALE OFFERING

It is not often that a breeding establishment finds itself with a surplus of bull power (not a surplus of bulls, but of bull power!) — a kind widely recognized as superior in type and quality. This seemed our position in the winter of 1953. What should we do about it? Sell one of our prized three — as several buyers urged us to do — sit tight — or expand our herd.

Each of our three sires had characteristics we'd long desired, needed and wished to use. As the three so well complemented each other, we felt unwilling to part with any of them. To sit tight seemed the equivalent of going backward, especially at a time when we felt confident the future for Shorthorns looked brighter than ever. The only remaining alternative was to expand our herd. This was definitely the hard way, but we decided to follow it.

Two ideas were before us as we planned our herd expansion. First, to select females desirable to mate to our bulls. Second, to pick females which we could offer with our commendation, either as bred by us or carrying the service of our herd sires.

We decided to get mostly open heifers about breeding age, preferably of similar type and breeding. This was not an easy order, as most of you well know. Our first selection was a group of four heifers from the Walter Brothers fine herd at Grand Ridge. Their cattle have been noted for their size and substance. We picked three by W. L. Impression 16th, champion bull of the 1951 International Congress sale, and one by Mercury's Goldfinder, a consistent breeder of good ones. These four are quite similar in type and, carrying the service of our bulls, should very much appeal to those who like a combination of smoothness and weight for age.

Next, recalling how well we liked two Leveldale Nomad heifers in our herd, we contacted Frank Countryman and learned he had a group available. Our heifers had been tops in the 1952 Princeton sale, had later been shown with fine records during the 1953 season, and one had a fine calf by Bridegroom 2nd. The heifers Countryman showed us were all by Leveldale Nomad and mostly out of Royal Leader dams. They looked good and we decided a selection there would not be easily matched elsewhere, so a deal was consummated.

These purchases permitted us to add to our herd from neighboring breeders whose breeding records we have watched with approval for many years. The Walters Brothers have a fine, large herd which they handle as one of the side lines to their Hybrid Seed Corn business. They have handled their herd with a minimum of labor and have shown very little — but always are counted on to help make the Ottawa sale a success. The Countryman herd has long been known for its fine consignments to sales, consistently good, usually near tops.

Note in these pedigrees the prominent Illinois breeders. Here are offerings from herds that have helped make Illinois "Lead the Way." They have done well and we hope you will agree with us that they are a group of heifers which with the service of the Hopkins' bulls can surely make ideal foundation females.

ARGEN ADJUSTER — We feel that the dam of a herd bull is of utmost importance and this soggy, rugged bull certainly has the right kind of a mother. Venetia Rosebud 2nd is the dam of HSF Rosebud 3rd, second prize summer yearling at the 1953 International and the grandam of Argen Souvenir, our prize winning herd bull. Note that the dam's side of this pedigree is entirely A. J. Marshall breeding. We can recommend this bull is you want ruggedness and smoothness with a good head.

Lot 2 Bull ARGEN CONTROL 2793-848 LE 271 Hopkins

White, calved Aug. 20, 1953. Bred and owned by Joel W. Hopkins, Granville, Ill.

SILVERSPOON PRINCESS A — A top heifer from our 1954 show herd. She has stood near the top of her class at the State Fair and International Show and has nearly always been a winner at the county shows. Note that her sire is by a son of Uppermill Caledonia and out of a daughter of Edellyn Campeon Mercury. Then note that her dam is a daughter of Ringwell Gallant Heir that sired so many good females for the Whitakers and Edgerleys. Best of all, she was mated on June 7 to MV Lucky Bonspiel, reserve junior champion of the 1953 International.

HSF HELEN 3rd — A daughter of Britomac Edwin and a full sister to HSF Helen, first prize two-year-old heifer at the 1953 International. This heifer was well up in the money in a strong class of junior yearling heifers at the Illinois State Fair this year. We know she will be a good producer. We have exhibited every calf that Willow Lee Helen 2nd has produced for us and they have all been winners. Bred July 14 to MV Lucky Bonspiel. She will produce a great calf to this service.

Look these winners over...it's the quality you will find in this sale

The "get" of Britomac Edwin. They stood sixth in a class of sixteen entries at the 1953 International Live Stock Show.

They're long, uniform and plenty good from any angle. Here's the same "get" of Britomac Edwin in rear view.

HSF ROSEBUD 3d by Britomac Edwin, second prize summer yearling heifer at the 1953 International and champion heifer of the Junior Show at the 1954 Illinois State Fair. Bred and exhibited by Hopkins Stock Farm.

This is SUNSET KNOLLS FOOTPRINT by Marellbar Umpire. He is owned by W. E. Carter & Son, Brimfield, Illinois, and was awarded the reserve Grand championship at the 1953 International. We show him here because he is a half brother to MV Lucky Bonspiel, reserve junior champion at the same show and one of the stock bulls at Hopkins Stock Farm.

HSF HELEN by Britomac Edwin. She was the first prize two-year-old heifer at the 1953 International Live Stock Show. Bred and exhibited by Hopkins Stock Farm.

Roan, Countryman Stock Farm

AUGUSTA 142d — You can count on this heifer to produce good ones. She is one of the top daughters of Leveldale Nomad. We won't go into detail about her extreme depth and thickness but be sure to look her over on sale day. She was bred June 10 to MV Lucky Bonspiel, reserve junior champion at the 1953 International.

Lot 19 Female SULTANA JILT 20th 2771-448 LE 35 Hopkins

Roan, calved Feb. 27, 1953. Bred by Countryman Stock Farm, Rochelle, Ill. Owned by Joel W. Hopkins, Granville, Ill.

SULTANA JILT 20th — This heifer is a full sister to the Jilt that topped the Princeton sale in 1952. She sold to Patricia Balestri for a 4-H project and we bought her from Patricia after a successful show season. She now has an outstanding bull calf by Bridegroom 2nd. When you see the members of the Jilt family that we have here on the farm, you will certainly agree that they are the right kind. Mated since July 9 to Argen Souvenir.

SULTANA JILT 21st - The Jilt family needs no boosting to students of the Shorthorn breed. They have long been among the tops in the Countryman and Marellbar herds. Here is a grand heifer with plenty of style. She represents a blend of the blood of Glassingall Research and Edellyn Royal Leader. She was mated August 5 to Argen Souvenir.

THE GLOSTER FAMILY

These three good Leveldale Nomad heifers are all descendants of the famous cow, Maxwalton Gloster W 17th, that Frank Countryman purchased from Maxwalton Farms. They have been rapid producers of top cattle and we are proud to offer them to you. They are a uniform lot and some breeder would do well to buy all three. From left to right: SULTANA GLOSTER 8th (Lot 21), SULTANA GLOSTER 9th (Lot 22), and SULTANA GLOSTER 10th (Lot 23).

BRITOMAC ORANGE MAID - Here is a cow that has consistently produced good ones. Two of her calves were grand champion steers over all breeds, one at Whiteside County in 1948 and one at Marshal Putnam County in 1951. Willard Olson, Morris, Illinois, has a daughter and Nelson Farms, Geneseo, Illinois, has another. We are retaining a third daughter in our herd and you will note that a fourth daughter, HSF Orange Maid 4th, sells in this sale as Lot 16. Britomac Orange Maid dropped another heifer calf by Bridegroom 2nd on June 12, 1954. She will sell with this calf at side and she was rebred to Bridegroom 2nd on July 27.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS

ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

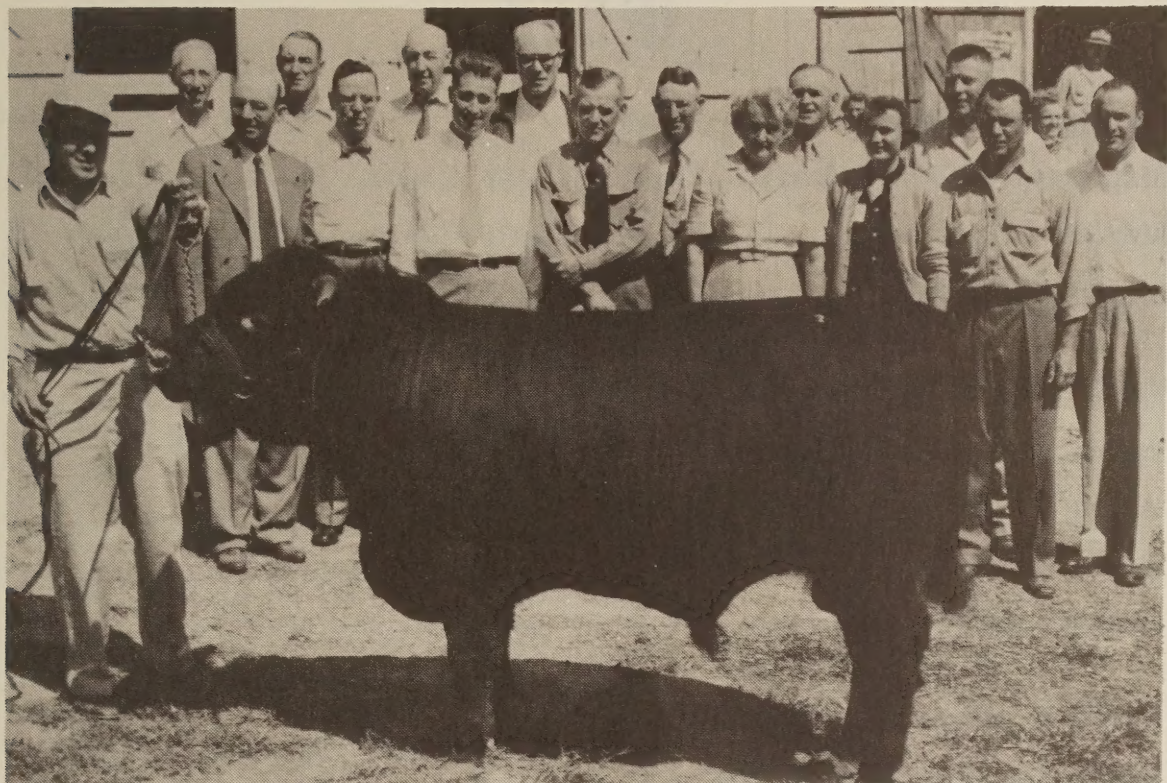

*At the annual picnic and field day of the Illinois Shorthorn Breeders' Association,
held at Hopkins Stock Farm in September 1953.*

Silverspoon Avenue SHORTHORN BREEDERS SALE

Granville
Illinois

Visitors at the picnic admire one of the young bulls, ARGEN SOUVENIR.

It was a big crowd and they listened attentively to the speeches.
